

Sacred Heart Catholic Primary School Hindley Green

SPORTS PREMIUM 2016 - 2017

What is the School Sports Premium?

The government is determined to secure a significant and lasting legacy from 2012 Olympic and Paralympic Games that were held in London. To help to achieve this and ultimately to improve the provision of PE and sport in primary schools, additional funding of £150 million per annum has been made available. This is designed to help primary schools improve the quality of the PE and sport activities they offer their pupils by exposing them to higher quality coaching and a wider variety of activities at a young age.

Our school received a sports premium grant of £8985.00 in 2016-17.

What has our Sports Premium funding been spent on?

We have used our sports premium grant to purchase our HIPS SPORTS membership. To employ sports coaches on 1.5 days a week This role enables our school to offer high quality PE lessons and extra curricular activities throughout the year for all of our children. The East Wigan sports membership gives us access to effective CPD courses, inter school competitions and ongoing advice and support. In addition we have ensured that we have procured suitable resources to complement our provision.

Our Aims

- To provide high quality PE lessons and after school clubs
- To support and engage as many of our pupils as possible through a variety of extra curricular activities
- To provide alternative opportunities which to help to engage the least active children
 - To provide professional development opportunities for school staff
- To provide as many children as possible with the opportunity to participate in inter school competitions
- To provide children with varied opportunities to participate in intra school competitions. • To provide structured lunchtime activities for all children
- To ensure we engage as many SEN children as possible.

The range of activities which we offer our children during lesson times are planned to inspire and engage. We ensure that all classes receive approx 60 minutes of timetabled PE per week. We also provide additional lessons for our reception children to help with their early physical development. We encourage regular Level one intra school competitions during PE lessons, this offers an introduction to competitive sport for all of our students.

The health and well being of our pupils is paramount, we endeavour to promote a healthy and active lifestyle at every given opportunity. The school council meet regularly with the school cook to plan interesting and exciting meals, to encourage more children to eat healthily.

Throughout the year, each child will participate in a variety of suitable, age appropriate activities, with an aim to provide our children with the skills to play a range of sports. We endeavour to introduce intra school competition to our children as early as possible during lessons, at lunchtimes and in extra curricular activities. All children from Year 2 to Year 4 have swimming lessons, provided by the local swimming pool, this runs for a term for each year group. Our target for swimming is for every child to be able to swim at least 25 metres by the end of year 4.

Most children are working at age related expectations for PE; we do have a small number who are exceeding expectations and some who are not achieving their expectations. We endeavour to bring all children up to age related expectations by encouraging their participation in lessons and in extra curricular activities. For our gifted and talented children we offer support and challenge, as well as the chance for them to assist and provide some peer advice and coaching for their classmates.

Sacred Heart Catholic Primary School

Hindley Green

Our Year 4, 5 & 6 children have the opportunity to take part in outdoor and adventurous activities during residential trips.

We have organised a skipping day this year to increase the amount of physical activity at lunchtime. The lunch time supervise, encourage skipping every day. Our sports coach also runs a lunchtime sports club and dance teacher provides a lunchtime cheerleading club. This year we have introduced sports personality of the week. livery of these activities. The introduction of structured activities at lunch time has lead to improved behaviour; with far fewer incidents at lunchtime.

Our playground is quite small when all children are outside so once a week we have an organised walk around the ground, the children chat and socialise as they move around the site.

Beyond the school day

There are PE after school clubs, run by WAFC and WRLFC as well as our sports coach, on offer for every year group from reception to Year 6 throughout the week. Clubs are changed on a termly basis and offer a wide variety experiences for our pupils. We try to offer activities which the children may not otherwise be able to participate in and which will engage the least active. During the first two terms of this school year we have engaged 50% of our pupils in PE after school clubs.

We continue to participate in a wide variety of level 2 inter school sports competitions. We have entered KS2 events, KS1 events and increased the number of SEN events which we have entered during the school year. Our aim is to engage as many children as possible in competitive inter school competition to help to broaden their sporting experience and competence.

We hold an annual health fun and fitness week culminating in a school sports games day. This gives us the opportunity to focus upon the promotion of health and fitness to our pupils and parents reinforcing the health lifestyle messages which we encourage all year round.

Moving forward

The children will be invited to become sports leaders, so they can organise games and recources at lunchtime.

The Golden Mile will be reinvigorated with a lunchtime walk once a week as well as logging the Wednesday walk which started in February 2017.

The activitis undertaken will be counted towards the silver standard of the PE award

PE and Sport Grant Financial Year	Amount (£)	+/-
2013-2014	£8,890	
2014-2015	£8,875	+£15
2015- 2016	£8,740	-£135
2016- 2017	£8,985	+£245
