

SACRED HEART CATHOLIC PRIMARY SCHOOL

Grow in the spirit of love and learning

Aims and Objectives

We aim to:

- Put our Catholic faith at the centre of everything we do
- Value and respect each individual.
- Inspire a love of learning.
- Harness a natural curiosity to develop a thirst for knowledge.
- Prepare our children for opportunities, and responsibilities as an adult.
- Share our talents at the heart of the local and wider community.

How will we do this?

By providing opportunities for pupils, staff, parents and Governors to participate in Liturgies and in the Sacraments of the Church.

By living out the Christian values of respect, responsibility, self-control, forgiveness honesty, compassion, thankfulness, perseverance, humility, loyalty, and faith in God in our thoughts, actions and words

By providing a happy and safe, caring environment which gives a sense of security with consistent expectations within an organised structure.

By giving the pupils high yet realistic targets, within an ethos of individual excellence, by providing a broad and stimulating curriculum.

By supporting local and national initiatives on ECO awareness, on the local community

By developing citizenship in the community with our families and parish by sharing, celebrating and helping and supporting projects.

We know this has been achieved:

through pupils active involvement in the church and parish, living their faith

Through harmonious relationships across the school and the community, living the Gospel in daily life.

Through pupils' responses to all lessons, that they are engaged in their learning, that they participate and are knowledgeable about their learning.

Through pupils displaying the initiative, integrity and respect appropriate to their age.

Reaching their targets so fulfilling their potential

Through pupils' behaviour towards each other and within the community.

That the school is held in high esteem in the area and the pupils understand their responsibility to the wider world.

Finally We will cherish the Christian values of forgiveness, love, care and respect for others, especially the more vulnerable, encouraging a love of learning and a zest for life. "Grow in the spirit of love and learning"
